*Developing the pipeline of future scientists through support for the Project SEED¹ and Project STEM²
High School Summer Research Internship Programs*

2015 Indiana High School Scientific Research Symposium and Poster Session

Thursday the 23rd of July 4:00-8:00 PM

4:00 Poster Session in Atrium - 6:00pm Awards Ceremony in Auditorium

Van Nuys Medical Sciences Building³

Indiana University School of Medicine

Please join us in celebrating the interns' accomplishments with their families, mentors, school teachers and supporters from our local scientific community. Participating programs:

[Purdue University Project SEED](#)
[Indiana University Project STEM](#)
[Indianapolis Project SEED](#)
[Indianapolis Project STEM](#)

¹Project SEED is an outreach program of the American Chemical Society started in 1968 to encourage students from economically disadvantaged families to explore careers in science. The Indianapolis Project SEED was established in 1973 at the School of Medicine and continues as one of the largest and longest serving programs in the nation. Info at www.indyprojectseed.org

The Purdue University Project SEED program was established in 2013 and is supported by the ACS Purdue Section. Info at www.purdueprojectseed.org

²The Project STEM program was established to serve additional students regardless of economic background, providing opportunities for research internships in a full spectrum of STEM related disciplines. Info at www.indyprojectstem.org

The Indiana CTSI supports the Indianapolis program through the IUPUI School of Education and the IU program through the Office of the Vice Chancellor for Research. Info at www.IndianaCTSI.org

³The Van Nuys Medical Sciences Building is at 635 Barnhill Drive. Guest parking is available at the Vermont Street garage between Barnhill Drive and University. Info at www.indyprojectseed.com/ms.pdf
